

Lane County Township-Range Index Map

Taxlot numbers in Lane County are in the form of TTRSSQQ-xxxx, where TT is the 2-digit Township number, RR is the Range number, and SS is the Section number (see inset map). QQ denotes the quarter-section and quarter-quarter-section, if any (if not, these digits will be zeros). These first 8 digits form the Map number, followed by the 5-digit Lot number.

Townships in Lane County extend from 15 South to 24 South, and Ranges extend from 12 West to 8 1/2 East. Township numbers increase southward from the Willamette Baseline, and Range numbers increase both west and east of the Willamette Meridian.

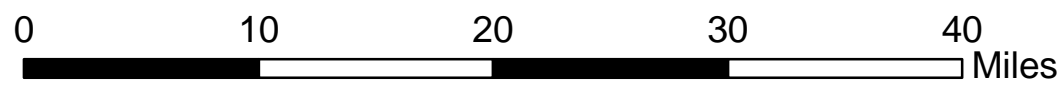

Each full Township contains 36 one-square-mile Sections, numbered sequentially as shown below in this inset map.

6	5	4	3	2	1
7	8	9	10	11	12
18	17	16	15	14	13
19	20	21	22	23	24
30	29	28	27	26	25
31	32	33	34	35	36

2	1
3	4

Each Section may be divided into quarter-sections, which may be divided into quarter-quarter sections. Both are numbered 1 through 4 as shown at left
